In Concert:

The "Golden Gates" group was created in 1993. Children from Author's Aesthetic-Music secondary school 435 with profound subjects of Music and Aesthetic Culture became first members of the group. The center of the intellectual-creative preschool children development "Umka" was the first sponsor of the project. The group's name is symbolic. Through the Traditional Russian songs we are open our hearts and souls, knowledge of our source as gold.

Since 1993 the "Golden Gates" group took a part of many different cultural events, folk festivals and concerts in Russia as well as across Europe. Awards from many competitions to "Golden Gates" recognize the children's group as the one of the most talented, exceptional and traditional representers of the Russian folk culture by children.

At present time ages of the children vary from 5 to 16 years old. Marina Tourlygina is director of the group.

Concert program includes songs, rituals, folk stores and games with elements or moving and dance that has been carefully researched and recreated in performance.
