Dear Lynn:

The Troika Balalaikas were a great success! We had a standing-room only crowd for both sets, and our visitors absolutely loved the performance. In fact, the Troika Balalaikas received a standing ovation, a rare occurrence at a Family Sunday event! Our attendance for the day—over 1,000 visitors—broke all previous records.

I found the band members friendly, professional, and very flexible. Their performance was enthusiastic, educational, and just plain fun. I will definitely keep World Artists in mind for future performances. I hope you had a wonderful time in Switzerland!

Best Regards,
